

Ecosystem with the objective to reduce % NRW

Water utilities notice a problem

Utilities launch challenges to find a solution

1. Using data for leak detection and localisation
2. Low-cost sensors in pipeline network
3. Non-acoustic leak detection
4. Encourage reporting of leaks

Companies can send in solutions via form

Types of solutions offered

1. Offer a ready-made solution
TRL ≥ 9

Classic procurement

Start pre-commercial procurement

- ☞ Sponsor = 1 or more utilities
- ☞ 5 day support by EAFIP, PIO...

No

2. Participate in NRW ecosystem event
TRL ≥ 4 & ≤ 8

- ☞ Guided brainstorm
- ☞ Product development in group
- ☞ Financed by utilities
